

The fourth partner meeting of EQWOOD project was held in Lyon, hosted by the IPRA-MEDEF Rhone-Alpes, entirely dedicated to the development of the MOOC for the Innovation Advisor for the furniture industry and to the programming of the Pilot tests in 6 European countries.

The training course will be divided into **5 different Units**, such as requests for Skills, Competencies and Knowledge required for this new professional profile.

Each Unit will be developed in a course accessible in distance learning:

- Dynamic
- Engaging
- Interactive

EQ-WOOD

Co-funded by the
Erasmus+ Programme
of the European Union

The training course presents multiple choice interactive videos, educational in-depth analysis, links to external documents, tests for the evaluation of acquired skills.

The course is aimed at both students and managers or collaborators already included in companies in the furniture sector and will be accessible both in its entirety (to obtain "Full Qualification") and in modular form to deepen the topics of greatest interest.

LE 6 UNITÀ DEL CURRICULUM DELL'INNOVATION ADVISOR

EQ-WOOD

Co-funded by the
Erasmus+ Programme
of the European Union

It is possible to apply right now to test the "EQWOOD" Training Path.

The Pilot tests will take place at:

- Brussels
- Budapest
- Lyon
- Milan
- Sofia
- Valencia

It is possible to apply to take part in the Pilot Tests with the email info@eqwood.org to be informed about the course dates in the city of interest.

The classroom training part will take place in the national language, the MOOC will be available in English, with a summary of each Unit translated into the 6 national languages of the project (Flemish, Hungarian, French, Italian, Bulgarian, Spanish).
